Lewis Main Recycle Center Location

Household Hazardous Waste Collection

Household hazardous wastes are products used in cleaning, home improvement, automobile maintenance, lawn and garden care, hobbies, and many other tasks.

Hazardous material is any product that is considered toxic, ignitable, reactive, or corrosive. Product labels may include these terms: caustic, danger, poison, volatile, flammable, warning, and caution.

Residents on JBLM can bring their household hazardous waste to building 1210, Environmental Operations. Monday—Thursday 1300-1600, Friday 1300-1530

Questions call: 253-967-4786

Residents that live off-base are encouraged to bring their household hazardous waste to their local landfill.
